

# Introducing Stramit's new Delivery Management System (DMS)

You can now track deliveries in real time with easy SMS or email updates!

You'll need to opt in - just talk to your Stramit Account Manager or fill in the form below and return it to them to get started.

## What is it?

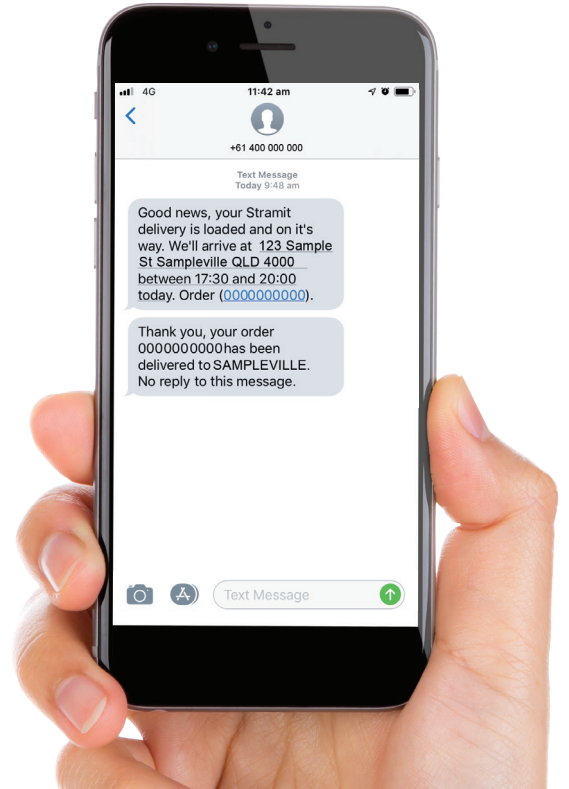

- A new paperless system that tracks and provides updates on deliveries via SMS or email, using real time information to give you easier access to information.

## What notifications will I get?

- SMS or email notifications when your delivery is dispatched, when it's arriving soon, and when it's been delivered.
- The POD, straight to your nominated email address.

## Is it safe and secure?

- Yes - we are using a secure, cloud-based system trusted by some of Australia's biggest retail names.

Getting started with the new Delivery Management System is easy - fill out the below details and we'll get you set up.
