

NOVATAUR[®]

COMMERCIAL ROLLER DOOR

*Strength
with
style*

taureands.com.au

Boost security and add value with the strength and style of a highly innovative Taurean® Door System.

Heavy-duty bottom rail with wheel

Specially designed drum wheel with plastic hub ensures smooth operation

Our leading-edge NovaTaur® commercial roller doors are ideal for your shopfront, warehouse or storage facility and will enhance the value and security of your business.

The NovaTaur® Commercial Range

NovaTaur® – the newest commercial roller door on the market – is the complete package. The NovaTaur® roller door is designed to be super strong with a deep profile and thick curtain (0.55 mm) to ensure the ultimate rigid curtain. We use the largest range of springs so you have the best-balanced door available.

Doors are also customised to suit your requirements and tested for 25,000 cycles. The result? Unbeatable durability, reliability and security.

Deep profile adds to the NovaTaur[®] curtain strength and rigidity

Door innovation that's **Taurean[®] strong** – and then some

Ultimate performance and longer life

The NovaTaur[®] Commercial Roller Door features the deepest profile in Australia and a specially designed drum wheel to ensure each door will withstand many years of operation. The heavy-duty bottom rail and wheel allows the door to run smoothly, ensuring a better running door and the ultimate in performance.

Safety

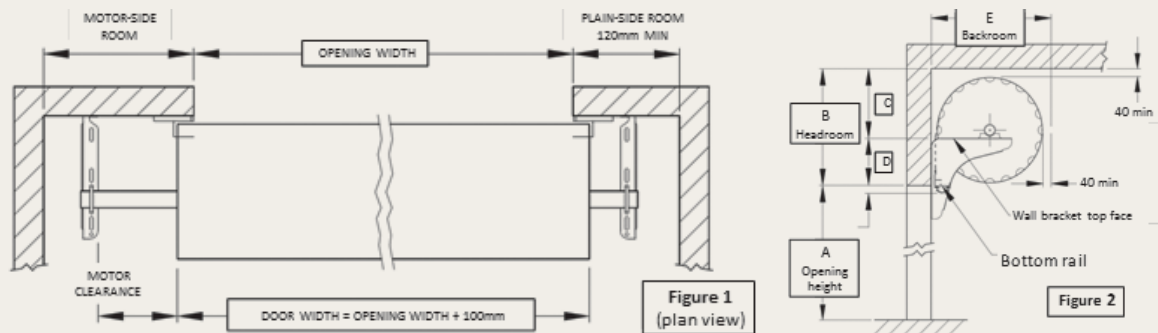

Only Taurean[®] Door Systems utilises patented TauraEdge[®] safety guides to make doors from Taurean the safest in Australia. No other roller door has this innovative safety edge system.

The NovaTaur[®] range – strength with style

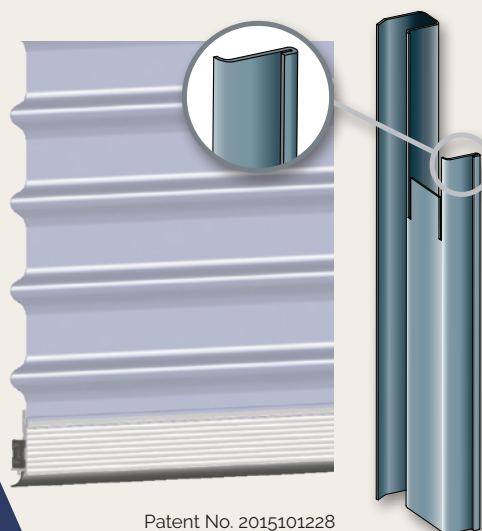

- Australian designed and manufactured
- New deep profile means rigidity in the curtain
- Strongly designed curtain
- Safest guides in Australia
- High quality spring system
- Made from COLORBOND[®] steel

Automation

Taurean[®] supplies and recommends the Grifco and Merlin ranges of door openers. These door opener products offer security and peace of mind, and paired with their myQ smart home technology deliver powerful automation options..

MIN. MOUNTING ROOM (mm)

TAURAEDE[®] ROLLER DOOR TRACK

The safest roller door track available in Australia

Exclusive to Taurean[®] Door Systems, the TauraEdge[®] Roller Door Track is stronger, more rigid and safer than standard roller door tracks. The unique rolled edge design completely encases door guides, removing any risk of injury from sharp edges.

Safety and Strength

The deep 21mm profile of the NovaTaur[®] roller door, coupled with the rolled edges of the TauraEdge[®] Roller Door Track, provides the ultimate combination for roller door safety and strength.

Warranty

For domestic installations only, a 12 month warranty on the door excluding any corrosion due to the proximity of any salt water or if the door is not installed in accordance with the installation instructions. For more details please refer to the Taurean[®] Door Systems website taureands.com.au
